

Join The Paterson Antioch Initiative

The Antioch School program will help you deepen your understanding of the Scriptures, develop your life and ministry, and earn a degree!

The Paterson Antioch Initiative is a platform for local church-based theological education (CBTE) that is fully integrated into community development, church planting and vocational pursuit. In partnership with the Biblical Institute for Leadership Development (BILD), their North American 30-City Urban Initiative and the nationally accredited Antioch School, the Paterson Antioch Initiative seeks the welfare of our city by:

- Strengthening church leadership through ordered and intentional Biblical training.
- Organizing world-class, nationally accredited, and affordable **Bachelors, Masters and Doctorate** of Ministry degrees with real-life mentoring and ministry opportunities in your local context.
- Networking churches, community development organizations, and the business community to complete the Great Commission nationally and internationally.

We are starting a competency cohort for church and ministry leaders to enroll into the Masters/Doctoral program in the Antioch School to provide church-based theological education in their ministry context.

Please join us for our upcoming Open House Info Sessions
